When technology meets performance, it gives rise to AEOLUS TYRES. Just as its Greek meaning, Aeolus tyres perform like wind, with top-class efficiency and speed. With the Company's focus on extensive research and development, it is trusted by millions of users across the world. It is the first company in Asia to produce complete eco-friendly tyres that preserve a green and sustainable future.

AEOLUS now brings to India a wide range of tyres suitable for all terrain types and weather conditions. It offers distinct products, which are treasured for their strong construction, reliable performance and longer service life.

AEOLUS The God of Wind

STEERINGACE A/S AU02

UHP ALL SEASON AU02 PATTERN

Type: Asymmetric pattern design

SteeringAce A/S AU02 is our newest value ultra-high performance all season W rated tyre to provide improved handling for drivers, who demand higher performance levels to replace many original equipment fits.

PRECISIONACE A/S AH02

HP ALL SEASON AH02 PATTERN

Type: Symmetric pattern design

PrecisionAce A/S AH02 All Season tyre met or exceeded all of the other tyres in the TVTC test in America.

STEERINGACE AU04

UHP SPORTS TYRE

SteeringAce AU04 is an Extreme Performance Summer tyre developed for serious sports car, sports coupe and performance sedan enthusiasts, looking for dry and wet traction on the street. You can realize the dream of driving with exceptional steering stability and braking performance.

CROSSACE AS02

SUV/CUV ALL TERRAIN TYRE

CrossAce AS02 is the perfect tyre for comfortable and relaxed driving. It is suitable for driving on road traffic and for light off-road use. In addition, the tyre tread pattern ensures optimum stability and outstanding grip as well as excellent water absorption. It is especially suitable for small and medium-sizes SUV, CUV, large vans and light truck applications.

STEERINGACE AU01

ULTRA HIGH PERFORMANCE TYRE

For the sporty driving style. The tyre offers the perfect combination of maximum grip, optimum steering response and harmonious contact with the road.

SteeringAce AU01 is sporty and dynamic. It has four circumferential grooves for improved water evacuation under the tread area to prevent hydroplaning. It is especially suitable for the sporty driving style due to the robust tread pattern in the shoulder area.

PRECISIONACE AH01

HIGH PERFORMANCE TYRE

The ideal tyre for drivers, who seek the best value and balance of wet traction, dry traction, handling and good mileage.

PrecisionAce AH01 provides excellence for durability, comfort, low noise and low rolling resistance. It also combines a modern, robust design with four circumferential grooves for optimum water evacuation with reliable handling. The PrecisionAce is an excellent replacement tyre for Original Equipment High Performance Level Tyres.

CROSSACE AS01

ALL TERRAIN LIGHT TRUCK TYRE

CrossAce AS01 is a versatile all-terrain light truck tyre engineered to deliver high mileage for on/off road driving conditions. Promoters even wear and reduce cutting and chipping without sacrificing wet and dry traction-excellent for attacking a range of snow condition.
